ENGAGEMENT & EDUCATIONAL OPPORTUNITIES

Scholarships Community Review

ACF scholarships are awarded with the help of the community! Each year in March, we offer a virtual volunteer opportunity reviewing scholarship applications from local Arlington students. The entire process is virtual and on your own time. This is an easily accessible way to impact students with financial need seeking college and other post-secondary education. Contact scholarship@arlc.org to learn more and get involved!

The Arlington Nonprofit Directory

ACF hosts and maintains a live searchable directory of over 100 Arlington-serving nonprofits to help you learn about the nonprofit organizations making an impact in the community. The directory is added to regularly and participating organizations are contacted annually to provide updates or confirm their information in order to keep the directory accurate. Users can filter results by area of impact, population served, type of work, population scope, leadership demographics, and budget size.

Visit arlc.org/non-profits-search to get started.

Affinity Groups

ACF offers two affinity groups that may be of interest to your local employees and/or employee resource groups. Both groups feature events focused on important community topics determined by members of the group, from mental health and wellbeing to affordable housing and charitable giving strategies. Visit the webpages below to learn more and connect:

Arlington Women Community Builders

over 300 members [arlc.org/awcb]

LGBTQ+ Community Group

over 200 members [arlc.org/lgbtq]
